

## Capability Statement

San Diego Global Knowledge University (SDGKU) has extensive experience in workforce training focused on developing global competencies and skills. It was founded in 2007, specializing in competency-based academic degrees and training certifications to provide education solutions to the general public, government agencies and prime contractors. Our growth strategy is to continue building an enduring organization by delivering total customer satisfaction in every project we undertake.

### EDUCATION AND TRAINING AREAS:

- Full stack coding training (front & back end development)
- Computer programming training solutions
- Risk management & cybersecurity
- Human networks, technology & communications
- Health, sustainability & environmental systems

### CORE COMPETENCIES:

### ONLINE AND E-LEARNING

### COMPETENCY-BASED EDUCATION

### CURRICULUM DESIGN AND SUPPORT

### GOV'T EDUCATION AND TRAINING SOLUTIONS

### VISION:

*To be the leading university dedicated to the technology-supported delivery of "new generation" global knowledge and the development of competencies essential for a more prosperous and responsible society.*

### MISSION:

*To offer quality distance educational programs at the undergraduate and graduate levels focused on information technology (IT) and business that help students develop global skills and competencies to achieve their personal success and advance their careers.*
