DISTANCE EDUCATION ACCREDITING COMMISSION
STUDENT ACHIEVEMENT DISCLOSURE FOR THE PUBLIC

DEAC accredited institutions offer a broad array of instructional programs and student support services to meet varied educational and professional goals of a highly diverse student population. Institutions determine appropriate performance criteria to measure the success of their students in achieving their goals in the context of the institution's specific mission and scope. You will find below (1) a summary of how this institution measures student achievement in the context of the institution's mission and educational programs, and (2) student achievement metrics which the institution believes best reflect student and program performance. For more information about DEAC standards and requirements, please visit **www.deac.org**.

This information was prepared by San Diego Global Knowledge University and published on its website on 2/15/2024.

Summary of Institution Mission and Student Achievement

San Diego Global Knowledge University's mission is to offer quality distance educational programs at the undergraduate and graduate levels focused on information technology (IT) and business that help students develop global skills and competencies to achieve their personal success and advance their careers. This document contains four distinct metrics relating to student achievement at our institution, namely retention rates per program, graduation rates per program, outcomes assessment results in student learning, and student satisfaction information. This data is gathered by the SDGKU Data Collection Team and reviewed for accuracy by the Institutional Effectiveness Committee before publishing for public disclosure.

Aggregated Institutional Data on Student Achievement (January 1, 2023 – December 31, 2023)
